Re: KHOV-FM, Wickenburg, AZ
Univision Radio License Corporation
Facility Identification Number: 29021
Special Temporary Authority
BSTA-20160907ABJ

Dear Licensee:

This is in reference to the request for Special Temporary Authority (STA) filed September 7, 2016 on behalf of Univision Radio License Corporation ("URLC"). URLC explains that the KHOV-FM antenna is to be replaced during the implementation of construction permit BMPH-20160520AAQ, but that the new transmitter cannot be delivered at the same time. URLC requests STA to operate KHOV-FM with the new antenna and the licensed effective radiated power of 6.0 kW, on the licensed Channel 287 (105.3 MHz), until the new transmitter can be installed.

The request for STA IS HEREBY GRANTED. Station KHOV-FM may operate as explained in the STA request. URLC shall use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This Special Temporary Authority expires on **December 6, 2016**.¹

Sincerely,

Dale Bickel
Senior Engineer
Audio Division
Media Bureau

¹ This is the date that construction permit BMPH-20160520AAQ expires, and we anticipate that URLC will have completed construction and filed a covering license application on FCC Form 302-FM by that date.
